Hi Erin,

Sorry it is taking so long for me to review the BDCP P&N statement.

I will may not be able to get to it until after we send off our comment letter on the NV Groundwater Project (hopefully this Wed) and finish my first draft letter for the Klamath Facilities Removal Project (by end of this week). If I can, I was going to try to take a quick look at it Thursday or Friday this week.

Stephanie Skophammer will be taking up the ERO lead for the BDCP work upon my retirement at the end of January. She is already reading a pile of background information I passed to her. She may also be helping out with the current ADEIS reviews. Please put her on your email list for BDCP.

Thanks.
